SUMMARY

Full Stack Developer with 5+ years of experience building enterprise-grade web applications across Banking and Finance, Insurance, and Clinical Trials domains. Proficient in C#, ASP.NET Core, MVC, Web API, Angular, and SQL Server. Proven ability to deliver features on schedule, optimize SQL performance, and implement CI/CD pipelines via Azure DevOps. Strong problem-solving, debugging, and cross-team collaboration skills.

SKILLS

- **Frameworks:** ASP.NET Core, ASP.NET MVC, .NET Framework 4.5+, Entity Framework Core, ADO.NET, Angular, React.js, jQuery, Bootstrap, Tailwind CSS
- **Databases:** SQL Server (2008-2017), Oracle SQL, T-SQL, Stored Procedures, Query Optimization
- **DevOps and Tools:** Azure DevOps, Git, CI/CD Pipelines, IIS, Kestrel
- **Architecture:** RESTful APIs, Web API, SOLID Principles, Design Patterns (Repository, Unit of Work, Singleton), OOP
- **Domains:** Banking and Finance, Insurance (Pension and Payroll), Healthcare and Clinical Trials

EXPERIENCE

LTIMindtree | Senior Software Engineer

Pune, India | 10/2021 - 04/2025

Project: Liberty Corporate Connect (LCC) - Payroll and Pension Management

ASP.NET MVC, C#, JavaScript, ADO.NET, SQL Server, Azure DevOps | Oct 2021 - Oct 2023

- Built and maintained a corporate payroll system handling 15,000+ pension schemes, enabling salary updates, member enrollment, and bill generation.
- Cut page load time by about 15% through SQL query optimization, indexed views, and stored procedure refactoring.
- Integrated MindKey workflow system for cross-module data tracking, saving 10+ hours per week in manual reconciliation.
- Delivered 6+ Continuous Increments (CIs) on schedule, managing full SDLC from requirement analysis to deployment.
- Reviewed code for a team of 4 developers, enforcing coding standards that reduced post-deployment defects.

Project: Policy Management and Reporting System

Angular, TypeScript, ASP.NET Web API, C#, Entity Framework Core, SQL Server, Azure DevOps | Nov 2023 - Nov 2024

- Created a net wealth report generation module processing 5,000+ policy records daily with real-time financial portfolio insights.
- Secured data access using JWT-based authentication and role-based authorization across all API endpoints.
- Designed RESTful APIs integrating data from multiple upstream systems, cutting integration effort by 3+ days per release.

- Delivered interactive Angular dashboards with dynamic charts, improving end-user data visibility and decision speed.

Project: EDI (Electronic Data Interchange) - Bulk Member Data Upload

ASP.NET Web Forms, C#, ADO.NET, SQL Server, Azure DevOps | Dec 2024 - Apr 2025

- Engineered a bulk member data upload system processing 20,000+ records per batch with robust validation for billing and claim workflows.
- Streamlined database schemas and processing logic, reducing batch processing time by about 20% compared to legacy system.
- Reduced data rejection rates from over 5% to under 2% through comprehensive error handling and logging.

Dassault Systemes (Medidata) | Services Software Consultant

Pune, India | 04/2025 - Present

Project: Clinical Trials Management Platform

ASP.NET, C#, Entity Framework, React.js, SQL Server, Azure DevOps | Apr 2025 - Present

- Developing backend modules for a clinical trials platform managing patient enrollment, drug administration tracking, and trial outcome reporting.
- Maintaining sub-second response for critical clinical reports through optimized SQL Server queries and database structures.
- Enforced clinical workflow validation and compliance checks using Entity Framework and C# business logic layer.
- Partnered with frontend developers, QA, business analysts, and medical Principal Investigators (PIs) on feature delivery.
- Integrated with 3+ pharma clients via Medidata APIs for cross-system data exchange.

EDUCATION

B.E. in Computer Engineering

JSPM BSIOTR, Wagholi | Savitribai Phule Pune University | 2021 | 72%

Diploma in Computer Engineering

Sanjivani K.B.P Polytechnic, Kopargaon | MSBTE | 2018 | 76.88%

S.S.C. (10th)

Swami Muktanand Vidyalaya, Yeola | Maharashtra State Board | 2015 | 86.20%

CERTIFICATIONS AND RECOGNITION

- ASP.NET Full Stack Developer (Company-Sponsored Training)
- Outstanding Performance Rating - LTIMindtree
- Award for Successful Project Deliverables - LTIMindtree

KEY ACHIEVEMENTS

- Improved database query performance by 15-20% across multiple projects through indexing and query optimization.
- Delivered 6+ major product increments on time with minimal post-deployment defects.
- Mentored 2 junior developers, accelerating their ramp-up by about 20%.
- Cut data processing errors from over 5% to under 2% in EDI system through improved validation logic.
